

Costa Marina

Seafaring style aboard a great yacht

If you daydream about a holiday with all the elegance of a large yacht, this is your ship. Everything is designed to show you the sea in its infinite variety.

The architecture is a skilful interplay of transparency and glass to best frame the breath-taking seascapes and sunsets.

The picture windows in the Cristallo Restaurant, the careful layout of the tables both inside and outside the Grand Buffet will reveal the charm of the most spectacular views and then seduce your taste buds.

You'll enjoy life in the open air with the solarium and walks on the outer decks, as well as many other special treats.

Costa Allegra

The crystal ship

We gave it this nickname because of its light-filled architecture. And that's what you'll encounter in Piazzetta Allegra – you can enjoy the neo-classically styled surroundings, which are combined with baroque touches and décor inspired by the great painters such as Gauguin, Degas, and Matisse. And if you think that the view from the stunning balcony overlooking the sea in the Montmartre Restaurant is spectacular, take a look at the menu. In 2006 the cabins and many other areas on board Costa Allegra underwent major renovations; new facilities were added, and the Caracalla Spa wellness centre was expanded.
